

AMOVIT KATZE

Natural vitamins and minerals

Barfers are presented with a significant challenge: When fed a purely meat-based diet, neither cats nor dogs receive enough of all of the nutrients which they require.

Barfers attempt to overcome this situation by varying the diet they feed their pets, but they cannot be sure whether the selected food actually contains all of the necessary nutrients.

With AMOVIT, Anifit presents a new unique product for barfers: a mixture of vitamins and minerals which is precisely adapted for animals on a meat-based diet.

All ingredients are

- Plant-based,
- free from preservatives,
- free from other additives
- 100% NATURAL

The mixture contains:

Vitamins: Vitamin A, D3, E, B1, B2, B6, B7, B12, K, pantothenic acid (B5), folic acid and niacin,

Minerals: Copper, manganese, zinc

Care has been taken to ensure a HIGH-concentration solution. Only small amounts of the Vitamin Mix need to be combined with the food. This ensures that the taste of the food is affected as little as possible.

Feeding recommendation

Cats up to 3.5kg: 0.4 grams per day

Cats up to 7kg: 0.8 grams per day

Half a loosely filled measuring spoon is equivalent to 0.4g.

1.95 grams contains:

A	IE	2.000
D3	IE	260
E	mg	12.5
B1	mg	0.825
B2	mg	1.05
B6	mg	1.05
B12	mg	0.0019
Pantothenic acid (B5)	mg	4.5
K1	mg	0.011
Folic acid	mg	0.15
Niacin	mg	12
B7	mg	0.0375
Copper (Cu)	mg	1.5
Manganese (Mn)	mg	1
Zinc (Zn)	mg	15

Ingredients

Quinoa germ, acerola cherries, Blakeslea trispora, sunflower, minerals, lanolin, other plant-based products (natural oils)
